HEXAGONAL PENDANT LIGHT

ADAMLAMP

Hexa Hs5

The lamps are meant to be hung from the ceiling, for indoor use mainly. Each form is designed digitally, assembled afterwards. Each lamp is assembled in a unique way. The shapes are made of thin 0,3 translucent plastic, thus their weight is very little, around 0,5-1 kg. Despite the softness of the material, the structure, which is a hexagonal system, creates a firm, even form. At the intersections of the hexagons the elements display star-like shapes, which combine together and overlap, thus a very interesting surface structure is achieved.

Diffused light that provides good general light in the room.

Type: Pendant Light

Product Code: HS5W30

Material: Plastic

Colour: Opal White

Cleaning Instructions

Dust the lamp with a duster.

Ceiling Rose

Diameter: 9 cm / 3.5 in

Colour: White

Material: Polypropylene plastic

Cable length

250cm / 98 in electrical cord

Cable colour: White striped cable

Bulb spec

E27 bulb holder

Recommends low-energy bulb(max 40W).

Avoid the use of conventional bulbs, they may overheat.

Compact Fluorescent(CFL), or LED bulbs.

CFL E27 - 16W,20W,23W,32W

CFL E27-32W = 150W Standard incandescent

CFL E27-16W = 80W Standard incandescent

Weight (kg)

max 1 kg

Dimensions (cm/in)
